

Dear friends,

there is hardly a better place to collect beautiful memories than in the tranquil Kaprun, surrounded by natural expanses that allow **pure nature** enjoyment. Nestled between the **Zeller See** and the **magnificent mountain scenery** of the **Kitzsteinhorn**.

Our location makes sports enthusiasts happy all year round and is an ideal base for all adventurers or those who just want to wake up with a mountain view and admire the panorama. According to the motto **feel instead of function**, leave the daily routine far behind and finally take a deep breath and let go...

We are looking forward to your visit at our **Hotel ANTONIUS******!
