

Dear friends,

The summer is coming to an end, the temperatures are dropping and the vegetation begins to cover itself in beautiful colours.

Reason enough to take a little breather and recharge your batteries for the winter. A short autumn holiday is good for everyone. The pleasant temperatures invite you to be active and you have the most beautiful places almost to yourself.

Should the weather not play along, you can spend some nice hours in our spacious wellness area and really relax...

The best thing is to secure a nice room in our Hotel ANTONIUS**** and benefit from the 7=6 promotion (enjoy 7 nights - pay only 6)!

We are already looking forward to your visit with us in Kaprun!

Yours family Reitzer with team
